DEPARTMENT OF VETERANS AFFAIRS

Final Information Quality Guidelines

AGENCY: Office of Information and
Technology, Department of Veterans
Affairs.

ACTION: Final guidelines.

SUMMARY: These final guidelines
implement section 515 of the Treasury
and General Government
Appropriations Act for Fiscal Year 2001
(Pub. L. 106-554; H.R. 5658). Section
515 directs the Office of Management
and Budget (OMB) to issue government-
wide guidelines that provide policy and
procedural guidance to Federal agencies
for ensuring and maximizing the
quality, objectivity, utility, and integrity
of information (including statistical
information) disseminated by Federal
agencies. By October 1, 2002, agencies
must issue their own implementing
guidelines that include an
administrative mechanism allowing
affected persons to seek and obtain
correction of information maintained
and disseminated by the agency that
does not comply with agency and OMB
guidelines.

DATES: Effective date: October 1, 2002.

FOR FURTHER INFORMATION CONTACT:
Kenneth Little, Office of Information
and Technology, Department of
Veterans Affairs, Washington, DC
20420. Telephone (202) 273-8051 or by
e-mail to 515.POCS@mail.va.gov.

SUPPLEMENTARY INFORMATION: VA has
developed guidelines for reviewing and
substantiating (by documentation or
other means selected by the agency) the
quality (including the objectivity,
utility, and integrity) of information
before it is disseminated. In addition,
VA has established administrative
correction procedures allowing affected
persons to seek and obtain, where
appropriate, correction of information
disseminated by VA that does not
comply with OMB or VA guidelines. VA
will apply these standards with
flexibility in a manner appropriate to
the nature and timeliness of information
to be disseminated and incorporate
them into existing VA information
resources management and
administrative practices.

The guidelines are also available at
www.va.gov/oirm/s515.

Guidelines for Ensuring and Maximizing the Quality, Objectivity, Utility and Integrity of Information Disseminated By VA

I. Introduction

The Office of Management and Budget
(OMB) required VA to prepare guidelines to
ensure the quality of information
disseminated by the Department. This is in
response to Section 515 requirements of the
Treasury and General Government
Appropriations Act for Fiscal Year 2001
(Pub. L. 106-554; H.R. 5658). Section 515
directed OMB to issue Government-wide
guidelines that provided policy and
procedural guidance to Federal agencies for
issuing their own guidelines for ensuring the
quality of disseminated information.

The guidelines contained herein will apply
flexible, appropriate, and timely quality
standards to the review and substantiation of
data and information before it is
disseminated to the public. They will be
incorporated into existing VA information
resources management and administrative
practices and will include an administrative
procedure to allow affected persons to seek
and obtain corrected information. VA will
report annually, beginning January 1, 2004,
to the Director of OMB, the number and
nature of complaints received and the
resolutions issued.

These guidelines are subject to the
Paperwork Reduction Act (PRA) of 1995 (44
U.S.C. Chapter 35); OMB Circular A-130;
Freedom of Information Act (FOIA) (5 U.S.C.
552); the Computer Security Act of 1987; and
VA Directive 6102, Internet/Intranet Services.

II. Policy

VA will ensure and maximize the quality,
objectivity, utility, and integrity of
information it disseminates to the public. VA
will take appropriate steps to incorporate
information quality criteria into its
information dissemination practices, and will
ensure that the quality of disseminated
information is consistent with VA's and
OMB's performance standards. Additional
levels of quality standards may be adopted as
appropriate for specific categories of
information.

III. Implementation

Except for those categories of information
that are specifically exempted from coverage,
(see section C, Exceptions), these guidelines
apply to all information disseminated by VA
and VA initiated or sponsored dissemination
of information by VA grantees, contractors, or
cooperators on or after October 1, 2002,
regardless of when the information was first
disseminated.

VA's Assistant Secretary for Information
and Technology/Chief Information Officer
(CIO) serves as the Department official
charged with oversight of these guidelines.
VA officials are responsible for distributing
these guidelines and any modifications
hereafter to appropriate offices within their
organizations.
